Andú Bistro

Words by Marla E. Schwartz

Downtown Miami has been graced with the presence of a divine sensation called **Andú Bistro Restaurant and Lounge**. Its spectacular décor (designed by architect Tom Telesco) and delectable taste delights will astound you. Enjoy the Miami River locale in the Brickell corridor inside the chic Neo Vertika building where you'll be dazzled with hundreds of multi-colored, hand-blown glass bubbles designed by Terje Lundaas.

Once you've been inside and experienced the rest of its unique interior, the Happy Hour experience, and moved onto the

mouthwatering Greek/Mediterranean cuisine, you'll be hooked. Enjoy an array of appetizers such as the Moroccan Spiced Calamari with broccoli rabe and the Sundried Tomato Tapenade with warm focaccia. Andú Signatures

includes Harissa Braised Free Range Chicken, Grilled Big Eye Tuna Nicoise, and Peppered Beef Tenderloin. Relish the wines from an International selection.
